

June Newsletter

Second Grade

6/1/18

Dear Parents and Guardians,

June is finally here! Your children have learned so much this year and are ready for third grade!

Reading: This month in reading we are continuing our Series Book Clubs. This means we are studying character traits and plot changes, noticing patterns, and making predictions. At home, please practice the strategies you see in your child's baggies to help with retell. Over the summer, to help your child not fall behind in reading levels, make

sure your child reads every night on myon.com. This will help keep your child's reading strong and fluent.

Writing: During this month, we are writing our opinions about books. Please use phrases at home with your child such as "From my point of view, the author states...", and, "In my opinion..." Use the checklists sent home to practice writing opinions for homework.

Math: This month we are finishing addition/ subtraction and comparison word problems. We are subtracting from 100 using different tools like the number line or hundreds chart to

help us solve the problem.

Social Studies: We are learning about the government and its laws.

Science: We are learning about plants.

Dates to remember-

No school 6/7&6/11

Birds of Prey Visit 6/6

Trip to Zoo 6/8

-Ms. Loiacono

-Ms. Amachree

-Ms. Andraca and Ms. Rosa

-Ms. Climenti

-Ms. McCloskey

-Ms. Gewirtz

-Ms. Vasquez
